LONDON, Nov. 3 .- "Clad in the robes of dazzling failure," is the way one fiberal newspaper describes the Marquis of Lansdowne's entry into the foreign ofish public, irrespective of party lines. Even among those organs feebly upholding the advisability of Lord Lansdowne's appointment there is a tendency to allot out every wish of the premier.

This the Associated Press learns, is the reverse that he gave Lord Lansdowne the option of continuing in his former ofher or taking the new billet. Lord Salisundertook during the last parliament. roads, will save time and expense. One of Lord Salisbury's closest friends

With reference to Irish matters, an amusing story is going the rounds about the Duke of Marlborough, whom the papers frequently, without basis, mentioned as Earl Cadogan's successor in the lord heutenancy of Ireland. On the strength of this, it is said, a large amount of Irish literature has been imported to Blenheim, where a recent visitor is alleged to have found the young duke almost buried amid nistories of Ireland.

It is a careful monograph of Bonaparte's closing days, and while it discloses no new historical facts, it deals so masterfully and ience that it must stand, so the critics say, as an authoritative record, in addition to being the most perfect character sketch ever penned. It teems with powerful epigrams and touches of humor and imagination, while the British ministers responsible for the arduousness of Na-Jealousy of the Success of Ameri- poleon's captivity are treated with mer- Timekeeper Colburn of Oceanic iless satire. On all sides it is admitted that this latest work reveals Lord Rosebery at his best. What will he do next? This is the question which arises on all sides.

How bitter politics are growing in Ireland can be judged from an open letter from Mr. William O'Brien, saying he reenters parliament with the utmost repugnance, and with no more satisfaction than he would re-enter an English jail. But, Mr. O'Brien adds, he considers it a nafice. This undoubtedly expresses the tional duty. He also says the exclusion of Healy and his faction from the Irish party is the only means of enabling men of honor to remain in it.

An effort has been made by the independents to show that Hawaiians who voted for Wilcox were being discharged because of the way they voted. "To the Editor of The Republican: "Sir—The statements reported in your WILCOX HAS WOTES sues of the 9th and 10th inst. in conissues of the 9th and 10th inst. in connection with dismissal of laborers on the Oceanic dock are absolutely untrue. I wish to say further that no employe on this dock would dare dismiss men because of their political faith, as we all recognize the fact that were we to either threaten or do what our timekeeper is charged with having done it would mean instant dismissal. The fact of your having given such publicity to the statements made by the independents forces me to
